1 INTRODUCTION

1.1 PURPOSE AND BACKGROUND

The purpose of this request is to solicit statements of qualifications and quotations from consultants to support the Puget Sound Partnership (PSP) in implementing several projects related to implementation of near term actions as identified in the 2012 Puget Sound Action Agenda.

The Puget Sound Partnership (PSP) is responsible for working with its Partner agencies and organizations to implement the near term actions (NTA) outlined in the 2012-2013 Action Agenda. The near term actions are intended to be the critical actions that are necessary to help advance the recovery of Puget Sound. There are approximately 200 NTA's. A subset of these NTA's are organized into Strategic Initiatives- relating to prevention of pollution from stormwater, protection and restoration of habitat and recovery of shellfish beds.

The NTA's are quite diverse in both the type of action proposed and the number of entities expected to collaborate in their implementation, products and timeframe.

PSP has identified a set of NTA (also referred to as projects) that require additional resources to be successfully implemented and completed. PSP requested and obtained funds from the U.S. Environmental Protection Agency to retain the services identified for these projects. These services include professional facilitation, staff support/meeting logistics and technical expertise on a specific topic.

The project descriptions (Attachment D) include the text of the near term action and performance measures from the 2012/2013 Action Agenda, a short description of the work that the Lead staff believes will be required by the consultant selected and the preferred experience (Attachment E) for a successful bidder to provide these services.

The projects are organized by the topic areas in the Action Agenda (Upland and Terrestrial, Marine and Nearshore and Sources of Pollution, Funding). The types of services required are noted in the text. If a near term action is designated as a Strategic Initiative, these indicates that it is one of the higher priority actions identified by regional Partners.

1.2 OBJECTIVE

PSP is seeking one or more consultants to provide technical assistance, meeting facilitation and staff support for the projects listed in Attachment D. There are 10 projects that require facilitation services, technical staff research and project management support or both (Attachment E).

Consultants may submit proposals as follows:

- One proposal to support all projects,
- One proposal to support a combination of projects or
- One proposal to support only one project.

These contracts will provide staff capacity and expertise to conduct tasks as described in section 3.2 under the guidance and direction of PSP staff and four regional partners who are overseeing the individual task.

PSP will serve as the contract manager. Consultants selected will be assigned to work either with a PSP staff member or with staff designated by the regional partner.

1.3 MINIMUM QUALIFICATIONS

Consultants must be licensed to do business in the state of Washington and have at least five (5) years of experience in facilitation of multi-party workgroups that address ecosystem-related issues and/or five (5) years experience in the technical field identified in the individual project description. Qualifications are specified in Attachment E.

Bidders, who do not meet these minimum qualifications will be rejected as non-responsive and will not receive further consideration. Any proposal that is rejected as non-responsive will not be evaluated or scored.

1.4 FUNDING

The overall budget for all of the projects described in the RFQQ shall not exceed \$370,000. Funding is \$270,000 for projects one (1) through nine (9) and \$100,000 for project ten (10). Proposals in excess of \$370,000 will be rejected as non-responsive and will not be evaluated. In the event additional funding becomes available, any contract awarded may be renegotiated to provide for additional related services.

Any contract(s) awarded as a result of this procurement is contingent upon the availability of funding. The AGENCY reserves the right to extend contracts awarded from this RFQQ for two additional years.

1.5 PERIOD OF PERFORMANCE

The period of performance of any contract(s) resulting from this RFQQ is tentatively scheduled to begin on or about **September 19, 2013** and to end on **June 30, 2014**.

Participation may be either on a direct basis in response to this solicitation or on a subcontractor basis. However, no preference will be included in the evaluation of proposals, no minimum level of MWBE participation shall be required as a condition for receiving an award, and proposals will not be rejected or considered non-responsive on that basis.

The AGENCY also reserves the right, however, at its sole discretion to waive minor administrative irregularities.

2.11 MOST FAVORABLE TERMS

The AGENCY reserves the right to make an award without further discussion of the proposal submitted. Therefore, the proposal should be submitted initially on the most favorable terms which the Consultant can propose. The AGENCY does reserve the right to contact a Consultant for clarification of its proposal.

The Consultant should be prepared to accept this RFQQ for incorporation into a contract resulting from this RFQQ. Contract negotiations may incorporate some or all of the Consultant's proposal. It is understood that the proposal will become a part of the official procurement file on this matter without obligation to the AGENCY.

2.12 CONTRACT AND GENERAL TERMS & CONDITIONS

In no event is a Consultant to submit its own standard contract terms and conditions in response to this solicitation. The Consultant may submit exceptions as allowed in the Certifications and Assurances section, Exhibit A to this solicitation. The AGENCY will review requested exceptions and accept or reject the same at its sole discretion.

It is anticipated the first deliverable under the contract will be a scoping plan and budget which will define the specific services to be provided by the CONTRACTOR based upon agreement between the AGENCY and the CONTRACTOR. There is likely to be significant variation among the tasks and schedule for the projects proposed.

2.13 COSTS TO PROPOSE

The AGENCY will not be liable for any costs incurred by the Consultant in preparation of a proposal submitted in response to this RFQQ, in conduct of a presentation, or any other activities related to responding to this RFQQ.

RFQQ. No cost chargeable to the proposed contract may be incurred before receipt of a fully executed contract.

Workers' Compensation Coverage

The Contractor will at all times comply with all applicable workers' compensation, occupational disease, and occupational health and safety laws, statutes, and regulations to the full extent applicable. The state will not be held responsive in any way for claims filed by the Contractor or their employees for services performed under the terms of this contract.

3 PROPOSAL CONTENTS

Proposals must be submitted in three major sections in the order noted below:

1. Letter of Submittal, including signed Certifications and Assurances (Exhibit A to this RFQQ)
2. Qualifications
3. Quotation

Proposals with Letter of Submittal, Qualifications and Quotations sections must be submitted in pdf format. These proposals must provide information in the same order as presented in sections 3.1 and 3.2 of this document with the same headings. This will not only be helpful to the evaluators of the proposal, but should assist the Consultant in preparing a thorough response.

Items in this section marked “mandatory” must be included as part of the proposal for the proposal to be considered responsive, however, these items are not scored. Items marked “scored” are those that are awarded points as part of the evaluation conducted by the evaluation team.

3.1 LETTER OF SUBMITTAL (MANDATORY)

The Letter of Submittal and the attached Certifications and Assurances form (Exhibit A to this RFQQ) must be signed and dated by a person authorized to legally bind the Consultant to a contractual relationship, e.g., the president or executive director of a corporation, the managing partner of a partnership, or the proprietor of a sole proprietorship. The Letter of Submittal must include a statement of the total dollar amount specified in the Consultant's Quotations Section. Attach the Certifications and Assurances form to the Letter of Submittal.

3.2 QUALIFICATIONS SECTION

The services to be provided under this contract are fully described in Attachment C - Project Descriptions. The projects all involve working with stakeholder workgroups that have diverse membership on policy issues that may be controversial. A number of these projects are already behind schedule and therefore time management may be critical.

1. The primary service under this contract is **facilitation** of multi-party stakeholder workgroups. Facilitation services will vary for each project. They will at a minimum include assistance with the following: 1) the Lead staff person assigned to a project in preparing agendas; 2) facilitating the group discussion; 3) preparing a record of the meeting (progress notes; decisions made; final product produced) and 4) working with participants between meetings to progress the group discussions. Additional services may include the following:
 - assisting the Lead staff person in convening the members of the group(contacting stakeholder representatives, determining membership)
 - assisting the Lead staff person in designing the process (refining the scope, process steps, identifying information needs)

2. **Staff support** to stakeholder workgroups is a second service that may be required of contractors. This could include handling all meeting logistics, notification, mailings, and related membership needs.
3. **Technical support** to stakeholder workgroups (specifically defined under the relevant projects) would include conducting research on the workgroup topic (e.g. landowner incentives, agricultural practices, monitoring techniques) and serving as the technical advisor to the group as requested.

The qualifications section of the proposal must contain information that will demonstrate to the evaluation committee the Consultant's understanding of the types of services proposed, the firm's ability to accomplish them, and the ability to meet tight timeframes.

The qualifications response is to be submitted in three sections as follows: 1) Business Information, 2) Experience and Staffing, and 3) Schedule. The optional fourth section would include proof of certification for minority and women-owned businesses participating on the project.

3.2.1 BUSINESS INFORMATION (MANDATORY)

- A. State the name of the company, address, phone number, fax number, e-mail address, legal status of entity (ownership) and year entity was established as it now substantially exists.
- B. Provide the firm's Federal Employer Tax Identification number or Social Security number and the Washington Uniform Business Identification (UBI) number issued by the state of Washington Department of Revenue.
- C. Indicate how many employees are with the firm. Name the firm principles and their roles.
- D. Identify any state employees or former state employees employed by the Consultant or on the Consultant's governing board as of the date of the proposal. Include their position and responsibilities within the Consultant's organization. If following a review of this information, it is determined by the AGENCY that a conflict of interest exists, the Consultant may be disqualified from further consideration for the award of a contract.
- E. If the Consultant's staff or subcontractor's staff was an employee of the state of Washington during the past 24 months, or is currently a Washington State employee, identify the individual by name, the agency previously or currently employed by, job title or position held, and separation date.
- F. If the Consultant has had a contract terminated for default in the last five years, describe such incident. Termination for default is defined as notice to stop performance due to the Consultant's non-performance or poor performance and the issue of performance was either (a) not litigated due to inaction on the part of the Proposer, or (b) litigated and such litigation determined that the Proposer was in default.
- G. Submit full details of the terms for default, including the other party's name, address, and phone number. Present the Consultant's position on the matter. The AGENCY will evaluate the facts and may, at its sole discretion, reject the proposal on the grounds of the past experience. If no such termination for default has been experienced by the Consultant in the past five years, so indicate.

3.2.2 QUALIFICATIONS

1. FIRM EXPERIENCE (SCORED) (Also required for sole proprietors)

- A. Describe services provided by the Consultant that indicate the firm's ability to provide the services described in this RFQQ.

2. STAFF EXPERIENCE (SCORED)

- A. Provide a description of the experience of the individual(s) or proposed project team that will be providing service under this contract, including any subcontractors.
- B. Provide the name and a resume' of the person(s) who will provide the services. In addition, provide information on the individual's particular skills related to this project, education, experience, significant accomplishments and any other pertinent information.
- C. List any sub-consultants you may want to include to complete your roster of services. Describe what services each would provide. Provide the information in Section 3.2.1 about each.
- D. If you are submitting a proposal to provide facilitation services for any of the projects, please include a copy of a workproduct from at least two (2) projects that the person who will be providing the service has facilitated. The workproduct should be illustrative of the nature of the work. Please do not send a copy of a large document e.g. masterplan, recommendations report. An excerpt from that type of document or an interim product (e.g meeting summaries that show progress, consensus list of objectives) is preferable. We will also accept a media clip describing some aspect of the work in lieu of a product.

3.2.3 SCHEDULE (SCORED)

Describe the firm or staff member's ability to meet deadlines, especially on a short-time frame, and give examples of how past tight deadlines have been successfully met in a multi-party workgroup-consensus building setting.

4. REFERENCES (MANDATORY)

List names, addresses, telephone numbers, and e-mail addresses of three business references for whom work has been accomplished and briefly describe the type of service provided for them. The Consultant must grant permission to the AGENCY to contact the references and others who may have pertinent information. Do not include current AGENCY staff as references. The AGENCY may evaluate references at the AGENCY's discretion.

5. OMWBE CERTIFICATION (OPTIONAL AND NOT SCORED)

Include proof of certification issued by the Washington State Office of Minority and Women's Business Enterprises if certified minority-owned firm and/or women-owned firm(s) will be participating on this project.

3.3 QUOTATIONS SECTION

3.3.1 IDENTIFICATION OF COSTS (SCORED)

The Quotations section must list all hourly rates for services anticipated under the proposed contract. The hourly rates are to represent fully weighted costs. This includes the hourly rates of staff that would be assigned to the project, administrative costs, or any other applicable fees that would be charged under this contract. We are not asking for bids on estimated total costs because we do not have specific estimates of the timeframe and number of hours that will be required for projects at this time. Some time ranges are provided in the project descriptions to assist bidders in deciding whether or not to bid and for what projects.

Costs for subcontractors are to be broken out separately. Please note if any subcontractors are certified by the Washington State Office of Minority and Women's Business Enterprises.

Consultants are required to collect and pay Washington State taxes as applicable.

The evaluation process is designed to award this procurement not necessarily to the Consultant(s) of least cost, but rather to the Consultant(s) whose qualifications and experience best meet the requirements of this RFQQ. Consultants are encouraged, however, to submit proposals which are consistent with state government efforts to conserve state resources.

3.4 QUOTATION CALCULATION

The final score for the financial evaluation will be computed by dividing the lowest responsive hourly rate for staff proposed for each project by the Bidder's hourly cost. The result of these calculations will be multiplied by the overall financial points available. See the example below:

Example: Total point for cost section equals 25

Lowest bid	= \$20,000
Bidder's bid	= \$25,000
 \$20,000 divided by \$25,000	 = 0.80 (80%)
 0.80 times 25 points possible	 = 20 points for the cost proposal

4 EVALUATION AND CONTRACT AWARD

4.1 EVALUATION PROCEDURE

Responsive proposals will be evaluated strictly in accordance with the requirements stated in this solicitation and any addenda issued. The evaluation of proposals shall be accomplished by an evaluation team to be designated by the AGENCY, which will determine the ranking of the proposals.

Evaluation will proceed in two steps. First, qualification sections will be evaluated using the firm experience, staff qualifications, and schedule elements as detailed and weighted in section 4.3 below. Quotations proposals for all top-qualified consultants will then be opened and reviewed for the second phase evaluation of quotations sections as specified in section 3.3.2 above. Overall scores for top-qualified consultants will be computed as detailed and weighted in section 4.3 below.

AGENCY will identify top scoring firms to interview. The interview panels will include the agency/organization that will serve as the Lead staff for the relevant projects.

CLARIFICATION OF PROPOSAL

The RFQQ Coordinator may contact the Consultant for clarification of any portion of the Consultant's proposal.

4.2 EVALUATION WEIGHTING AND SCORING

The following weighting and points will be assigned to the proposal for evaluation purposes:

Qualifications Section – 80%	80 points
Firm Experience.....20 points (maximum)	
Staff Qualifications.....45 points (maximum)	
Schedule.....15 points (maximum)	
Quotation Section – 20%	<u>20 points</u>
Grand Total	<u>100 Points</u>

4.3 ORAL PRESENTATIONS MAY BE REQUIRED

Oral presentations may be utilized in selecting the winning proposal. The AGENCY may select the top-scoring firm(s) from the written evaluation for an oral presentation and contact the top-scoring firm(s) to schedule a date, time and location for an oral presentation. Commitments made by the Consultant at the oral interview, if any, will be considered binding.

The successful bidder(s) will be selected based upon a combination of the written proposal, oral presentation (if required), and references.

4.4 NOTIFICATION TO PROPOSERS

Firms whose proposals have not been selected for further negotiation or award will be notified by e-mail.

4.5 DEBRIEFING OF UNSUCCESSFUL PROPOSERS

Upon request, a debriefing conference will be scheduled with an unsuccessful Proposer. The request for a debriefing conference must be received by the RFQQ Coordinator within three (3) business days after the Notification of Unsuccessful Consultant letter is e-mailed to the Consultant. The debriefing must be held within three (3) business days of the request.

Discussion will be limited to a critique of the requesting Consultant's proposal. Comparisons between proposals or evaluations of the other proposals will not be allowed. Debriefing conferences may be conducted in person or on the telephone and will be scheduled for a maximum of one hour.

4.6 PROTEST PROCEDURE

This procedure is available to Consultants who submitted a response to this solicitation document and who have participated in a debriefing conference. Upon completing the debriefing conference, the Consultant is allowed three (3) business days to file a protest of the acquisition with the RFQQ Coordinator. Protests may be submitted by facsimile, but should be followed by the original document.

Consultants protesting this procurement shall follow the procedures described below. Protests that do not follow these procedures shall not be considered. This protest procedure constitutes the sole administrative remedy available to Consultants under this procurement.

All protests must be in writing and signed by the protesting party or an authorized Agent. The protest must state the grounds for the protest with specific facts and complete statements of the action(s) being protested. A description of the relief or corrective action being requested should also be included. All protests shall be addressed to the RFQQ Coordinator.

Only protests stipulating an issue of fact concerning the following subjects shall be considered:

- A matter of bias, discrimination or conflict of interest on the part of the evaluator
- Errors in computing the score
- Non-compliance with procedures described in the procurement document or AGENCY policy

Protests not based on procedural matters will not be considered. Protests will be rejected as without merit if they address issues such as: 1) An evaluator's professional judgment on the quality of a proposal, or 2) AGENCY'S assessment of its own and/or other agencies' needs or requirements.

Upon receipt of a protest, a protest review will be held by the AGENCY. The AGENCY director or an employee delegated by the director who was not involved in the procurement, will consider the record and all available facts and issue a decision within five business days of receipt of the protest. If additional time is required, the protesting party will be notified of the delay.

In the event a protest may affect the interest of another Consultant that submitted a proposal, such Consultant will be given an opportunity to submit its views and any relevant information on the protest to the RFQQ Coordinator.

The final determination of the protest shall:

- Find the protest lacking in merit and uphold the AGENCY's action.
- Find only technical or harmless errors in the AGENCY's acquisition process and determine the AGENCY to be in substantial compliance and reject the protest.
- Find merit in the protest and provide the AGENCY options which may include:
 - Correct the errors and re-evaluate all proposals
 - Reissue the solicitation document and begin a new process
 - Make other findings and determine other courses of action as appropriate

If the AGENCY determines that the protest is without merit, the AGENCY will enter into a contract with the apparently successful contractor. If the protest is determined to have merit, one of the alternatives noted in the preceding paragraph will be taken.

CERTIFICATION REGARDING SUSPENSION, DEBARMENT, and Other RESPONSIBILITY MATTERS

Federal Executive Order 12549 provides that Executive departments and agencies shall participate in a government-wide system for suspension and debarment. These departments and agencies have further passed this requirement onto their grant recipients and have provided pertinent regulations in the Codes of Federal Regulations. The CONTRACTOR certifies that they are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in this contract by any Federal department or the AGENCY. If the CONTRACTOR further subawards federal resources, the CONTRACTOR must ensure the same suspension/debarment requirements are followed.

CONTRACTOR shall comply with all applicable laws, policies and regulations of the state, and the federal government in the performance of duties under this contract.

CONFIDENTIALITY/SAFEGUARDING OF INFORMATION

The CONTRACTOR shall not use or disclose any information concerning the AGENCY, or information that may be classified as confidential, for any purpose not directly connected with the administration of this contract, except with prior written consent of the AGENCY, or as may be required by law.

CONFLICT OF INTEREST

Notwithstanding any determination by the Executive Ethics Board or other tribunal, the AGENCY may, in its sole discretion, by written notice to the CONTRACTOR terminate this contract if it is found after due notice and examination by the AGENT that there is a violation of the Ethics in Public Service Act, Chapter 42.52 RCW; or any similar statute involving the CONTRACTOR in the procurement of, or performance under this contract.

In the event this contract is terminated as provided above, the AGENCY shall be entitled to pursue the same remedies against the CONTRACTOR as it could pursue in the event of a breach of the contract by the CONTRACTOR. The rights and remedies of the AGENCY provided for in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law. CONFORMANCE

If any provision of this contract violates any statute or rule of law of the state of Washington, it is considered modified to conform to that statute or rule of law.

COPYRIGHT PROVISIONS

Unless otherwise provided, all materials produced under this contract shall be considered "works for hire" as defined by the U.S. Copyright Act and shall be owned by the AGENCY. The AGENCY shall be considered the author of such materials. In the event the materials are not considered "works for hire" under the U.S. Copyright laws, CONTRACTOR hereby irrevocably assigns all right, title, and interest in materials, including all intellectual property rights, to the AGENCY effective from the moment of creation of such materials.

Materials means all items in any format and includes, but is not limited to, data, reports, documents, pamphlets, advertisements, books, magazines, surveys, studies, computer programs, films, tapes, and/or sound reproductions. Ownership includes the right to copyright, patent, register and the ability to transfer these rights.

For materials that are delivered under the contract, but that incorporate pre-existing materials not produced under the contract, CONTRACTOR hereby grants to the AGENCY a nonexclusive, royalty-free, irrevocable license (with rights to sublicense others) in such materials to translate, reproduce, distribute, prepare derivative works, publicly perform, and publicly display. The CONTRACTOR warrants and represents that CONTRACTOR has all rights and permissions, including intellectual property rights, moral rights and rights of publicity, necessary to grant such a license to the AGENCY.

The CONTRACTOR shall exert all reasonable effort to advise the AGENCY, at the time of delivery of materials furnished under this contract, of all known or potential invasions of privacy contained therein and of any portion of such document that was not produced in the performance of this contract.

The AGENCY shall receive prompt written notice of each notice or claim of infringement received by the CONTRACTOR with respect to any data delivered under this contract. The AGENCY shall have the right to modify or remove any restrictive markings placed upon the data by the CONTRACTOR.

COVENANT AGAINST CONTINGENT FEES

The CONTRACTOR warrants that no person or selling agent has been employed or retained to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage or contingent fee, excepting bona fide employees or bona fide established agents maintained by the CONTRACTOR for securing business.

The AGENCY shall have the right, in the event of breach of this clause by the CONTRACTOR, to annul this contract without liability or, in its discretion, to deduct from the contract price or consideration or recover by other means the full amount of such commission, percentage, brokerage or contingent fee.

DISALLOWED COSTS

The Contractor is responsible for any audit exceptions or disallowed costs incurred by its own organization or that of its Subcontractors.

DISPUTES

Except as otherwise provided in this contract, when a dispute arises between the parties and it cannot be resolved by direct negotiation, either party may request a dispute hearing with AGENT.

1. The request for a dispute hearing must:
 - Be in writing;
 - State the disputed issue(s);
 - State the relative positions of the parties;
 - State the CONTRACTOR'S name, address, and contract number; and
 - Be mailed to the AGENT and the other party's (respondent's) contract manager within three working calendar days after the parties agree that they cannot resolve the dispute.
2. The respondent shall send a written answer to the requester's statement to both the agent and the requester within five working calendar days.
3. The AGENT shall review the written statements and reply in writing to both parties within 10 working days. The AGENT may extend this period if necessary by notifying the parties.

4. The parties agree that this dispute process shall precede any action in a judicial or quasi-judicial tribunal.

Nothing in this contract shall be construed to limit the parties' choice of a mutually acceptable alternate dispute resolution method in addition to the dispute resolution procedure outlined above.

DRUG FREE WORKPLACE

For the duration of this contract, the CONTRACTOR agrees to comply with the drug free provisions set forth in Title 40 CFR 36.200.

DUPLICATE PAYMENT

The AGENCY shall not pay the CONTRACTOR, if the CONTRACTOR has charged or will charge the State of Washington or any other party under any other contract or agreement, for the same services or expenses.

GOVERNING LAW

This contract shall be construed and interpreted in accordance with the laws of the State of Washington, and the venue of any action brought hereunder shall be in the Superior Court for Pierce County.

HOLD HARMLESS

Each party shall defend, protect and hold harmless the other party from and against all claims, suits or actions arising from any intentional or negligent act or omission of that party's employees, agents and/or authorized subcontractor(s) while performing under the terms of this agreement.

INDEMNIFICATION

To the fullest extent permitted by law, CONTRACTOR shall indemnify, defend, and hold harmless State, agencies of State and all officials, agents and employees of State, from and against all claims for injuries or death arising out of or resulting from the performance of the contract. "Claim," as used in this contract, means any financial loss, claim, suit, action, damage, or expense, including but not limited to attorney's fees, attributable for bodily injury, sickness, disease, or death, or injury to or destruction of tangible property including loss of use resulting therefrom.

CONTRACTOR'S obligations to indemnify, defend, and hold harmless includes any claim by CONTRACTOR'S agents, employees, representatives, or any subcontractor or its employees.

CONTRACTOR expressly agrees to indemnify, defend, and hold harmless the State for any claim arising out of or incident to CONTRACTOR'S or any subcontractor's performance or failure to perform the contract. CONTRACTOR'S obligation to indemnify, defend, and hold harmless the State shall not be eliminated or reduced by any actual or alleged concurrent negligence of State or its agents, agencies, employees and officials.

CONTRACTOR waives its immunity under Title 51 RCW to the extent it is required to indemnify, defend and hold harmless State and its agencies, officials, agents or employees.

INDEPENDENT CAPACITY OF THE CONTRACTOR

The parties intend that an independent contractor relationship will be created by this contract. The CONTRACTOR and his or her employees or agents performing under this contract are not employees or agents of the AGENCY. The CONTRACTOR will not hold himself/herself out as or claim to be an officer or employee of the AGENCY or of the State of Washington by reason hereof, nor will the CONTRACTOR make any claim of right, privilege or benefit that would accrue to such employee under law. Conduct and control of the work will be solely with the CONTRACTOR.

INDUSTRIAL INSURANCE COVERAGE

The CONTRACTOR shall comply with the provisions of Title 51 RCW, Industrial Insurance. If the CONTRACTOR fails to provide industrial insurance coverage or fails to pay premiums or penalties on behalf of its employees, as may be required by law, AGENCY may collect from the CONTRACTOR the full amount payable to the Industrial Insurance accident fund. The AGENCY may deduct the amount owed by the CONTRACTOR to the accident fund from the amount payable to the CONTRACTOR by the AGENCY under this contract, and transmit the deducted amount to the Department of Labor and

Industries, (L&I) Division of Insurance Services. This provision does not waive any of L&I's rights to collect from the CONTRACTOR.

INSURANCE

The CONTRACTOR shall provide insurance coverage as set out in this section. The intent of the required insurance is to protect the state should there be any claims, suits, actions, costs, damages or expenses arising from any negligent or intentional act or omission of the CONTRACTOR or subcontractor, or agents of either, while performing under the terms of this contract.

The CONTRACTOR shall provide insurance coverage, which shall be maintained in full force and effect during the term of this contract, as follows:

1. Commercial General Liability Insurance Policy. Provide a Commercial General Liability Insurance Policy, including contractual liability, in adequate quantity to protect against legal liability arising out of contract activity but no less than \$1,000,000 per occurrence. Additionally, the CONTRACTOR is responsible for ensuring that any subcontractors provide adequate insurance coverage for the activities arising out of subcontracts.
2. Automobile Liability. In the event that services delivered pursuant to this contract involve the use of vehicles, either owned or unowned by the CONTRACTOR, automobile liability insurance shall be required. The minimum limit for automobile liability is \$1,000,000 per occurrence, using a Combined Single Limit for bodily injury and property damage.
3. The insurance required shall be issued by an insurance company/ies authorized to do business within the state of Washington, and shall name the state of Washington, its agents and employees as additional insured under the insurance policy/ies. All policies shall be primary to any other valid and collectable insurance. CONTRACTOR shall instruct the insurers to give the AGENCY thirty (30) calendar days advance notice of any insurance cancellation.

CONTRACTOR shall submit to the AGENCY within fifteen (15) calendar days of the contract effective date, a certificate of insurance that outlines the coverage and limits defined in the *Insurance* section. CONTRACTOR shall submit renewal certificates as appropriate during the term of the contract.

LICENSING, ACCREDITATION AND REGISTRATION

The CONTRACTOR shall comply with all applicable local, state, and federal licensing, accreditation and registration requirements/standards, necessary for the performance of this contract.

LIMITATION OF AUTHORITY

Only the AGENT or AGENT'S delegate by writing (delegation to be made prior to action) shall have the express, implied, or apparent authority to alter, amend, modify, or waive any clause or condition of this contract. Furthermore, any alteration, amendment, modification, or waiver or any clause or condition of this contract is not effective or binding unless made in writing and signed by the AGENT.

NONCOMPLIANCE WITH NONDISCRIMINATION LAWS

In the event of the CONTRACTOR'S non-compliance or refusal to comply with any nondiscrimination law, regulation, or policy, this contract may be rescinded, canceled or terminated in whole or in part, and the CONTRACTOR may be declared ineligible for further contracts with the AGENCY. The CONTRACTOR shall, however, be given a reasonable time in which to cure this noncompliance. Any dispute may be resolved in accordance with the "Disputes" procedure set forth herein.

NONDISCRIMINATION

During the performance of this contract, the CONTRACTOR shall comply with all federal and state nondiscrimination laws, regulations and policies.

PRIVACY

Personal information including, but not limited to, "Protected Health Information," collected, used, or acquired in connection with this contract shall be protected against unauthorized use, disclosure, modification or loss. CONTRACTOR shall ensure its directors, officers, employees, subcontractors or agents use personal information solely for the purposes of accomplishing the services set forth herein.

CONTRACTOR and its subcontractors agree not to release, divulge, publish, transfer, sell or otherwise make known to unauthorized persons personal information without the express written consent of the agency or as otherwise required by law.

Any breach of this provision may result in termination of the contract and the demand for return of all personal information. The CONTRACTOR agrees to indemnify and hold harmless the AGENCY for any damages related to the CONTRACTOR'S unauthorized use of personal information.

PROJECT APPROVAL

The quality, extent and character of any and all work, deliverables and/or services to be performed under this agreement by the CONTRACTOR shall be subject to the review and approval of the AGENCY, in its sole discretion, through the Project Manager or other designated official. In the event that the AGENCY determines, in its sole discretion, that any work, deliverable and/or service performed by the CONTRACTOR is unsatisfactory, the AGENCY reserves the right to either withhold reimbursement for the unsatisfactory work performed by the CONTRACTOR or require that the CONTRACTOR remediate their work product to get it to the satisfaction of the AGENCY. Any costs associated with the CONTRACTOR'S efforts to correct unsatisfactory work product shall be at the sole expense of the CONTRACTOR and the AGENCY shall have no obligation to pay for or reimburse any costs related to the CONTRACTOR'S efforts. In the event there is a dispute with regard to the extent and character of the work, the determination of the AGENCY Project Manager as to the extent and character of the work to be done shall govern. The CONTRACTOR shall have the right to appeal decisions as provided for in the Disputes section of this agreement.

PROPERTY RIGHTS

Copyrights and Patents. When the CONTRACTOR creates any copyrightable materials or invents any patentable property, the CONTRACTOR may copyright or patent the same but the AGENCY retains a royalty-free, nonexclusive and irrevocable license to reproduce, publish, recover or otherwise use the material(s) or property and to authorize others to use the same for federal, state or local government purposes. Where federal funding is involved, the federal government may have a proprietary interest in patent rights to any inventions that are developed by the CONTRACTOR as provided in 35 U.S.C.200-212.

PERSONAL PROPERTY FURNISHED BY THE AGENCY

When the AGENCY provides personal property directly to the CONTRACTOR for use in performance of the project, it shall be returned to the AGENCY prior to final payment by the AGENCY. If said property is lost, stolen or damaged while in the CONTRACTOR'S possession, the AGENCY shall be reimbursed in cash or by setoff by the CONTRACTOR for the fair market value of such property.

PUBLICITY

The CONTRACTOR agrees to submit to the AGENCY all advertising and publicity matters relating to this contract wherein the AGENCY'S name is mentioned or language used from which the connection of the AGENCY'S name may, in the AGENCY'S judgment, be inferred or implied. The CONTRACTOR agrees not to publish or use such advertising and publicity matters without the prior written consent of the AGENCY.

RECORDS MAINTENANCE

The CONTRACTOR shall maintain books, records, documents, data and other evidence relating to this contract and performance of the services described herein, including but not limited to accounting procedures and practices that sufficiently and properly reflect all direct and indirect costs of any nature expended in the performance of this contract.

CONTRACTOR shall retain such records for a period of six years following the date of final payment. At no additional cost, these records, including materials generated under the contract, shall be subject at all reasonable times to inspection, review or audit by the AGENCY, personnel duly authorized by the AGENCY, the Office of the State Auditor, and federal and state officials so authorized by law, regulation or agreement.

If any litigation, claim or audit is started before the expiration of the six (6) year period, the records shall be retained until all litigation, claims, or audit findings involving the records have been resolved.

RECOVERY OF PAYMENTS TO CONTRACTOR

The right of the CONTRACTOR to retain monies paid to it as reimbursement payments is contingent upon satisfactory performance of this agreement including the satisfactory completion of the project described in the Scope of Work, as determined by the AGENCY in its sole discretion. In the event the CONTRACTOR fails, for any reason, to perform obligations required of it by this agreement, the CONTRACTOR may, at AGENCY's sole discretion, be required to repay to AGENCY all funds disbursed to the CONTRACTOR for those parts of the project that are unsatisfactory in the opinion of the AGENCY by such failure to perform. Interest shall accrue at the rate of twelve percent (12%) per annum from the time the AGENCY demands repayment of funds. If the AGENCY discontinues payments due to insufficient funds, the CONTRACTOR shall not be obligated to repay monies paid to the CONTRACTOR.

RECYCLED PAPER

In accordance with 40 CFR 30.16, the contractor agrees to use recycled paper and double sided printing for all reports that are prepared as a part of this contract and delivered to the AGENCY. This requirement does not apply to reports prepared on forms supplied by the EPA or standard forms, which are printed on recycled paper and are available through the General Services Administration.

REGISTRATION WITH DEPARTMENT OF REVENUE

The CONTRACTOR shall complete registration with the Washington State Department of Revenue and be responsible for payment of all taxes due on payments made under this contract.

RIGHT OF INSPECTION

The CONTRACTOR shall provide right of access to its facilities to the AGENCY, or any of its officers, or to any other authorized agent or official of the state of Washington or the federal government, at all reasonable times, in order to monitor and evaluate performance, compliance, and/or quality assurance under this contract.

SAVINGS

In the event funding from state, federal, or other sources is withdrawn, reduced, or limited in any way after the effective date of this contract and prior to normal completion, the AGENCY may terminate the contract under the "Termination for Convenience" clause, without the ten-day notice requirement, subject to renegotiation at the AGENCY'S discretion under those new funding limitations and conditions.

SEVERABILITY

The provisions of this contract are intended to be severable. If any term or provision is illegal or invalid for any reason whatsoever, such illegality or invalidity shall not affect the validity of the remainder of the contract.

SITE SECURITY

While on AGENCY premises, CONTRACTOR, its agents, employees, or subcontractors shall conform in all respects with physical, fire or other security policies or regulations.

SUBCONTRACTING

Neither the CONTRACTOR nor any SUBCONTRACTOR shall enter into subcontracts for any of the work contemplated under this contract without obtaining prior written approval of the AGENCY. In no event shall the existence of the subcontract operate to release or reduce the liability of the contractor to the Department for any breach in the performance of the contractor's duties. This clause does not include contracts of employment between the contractor and personnel assigned to work under this contract.

Additionally, the CONTRACTOR is responsible for ensuring that all terms, conditions, assurances and certifications set forth in this agreement are carried forward to any subcontracts. CONTRACTOR and its subcontractors agree not to release, divulge, publish, transfer, sell or otherwise make known to unauthorized persons personal information without the express written consent of the agency or as provided by law.

TAXES

All payments accrued because of payroll taxes, unemployment contributions, any other taxes, insurance or other expenses for the CONTRACTOR or its staff shall be the sole responsibility of the CONTRACTOR.

TERMINATION FOR CAUSE

Before suspending or terminating the contract, the AGENCY shall notify the CONTRACTOR in writing of the need to take corrective action. If corrective action is not taken within 30 calendar days, the contract may be terminated or suspended.

The AGENCY reserves the right to suspend all or part of the contract, withhold further payments, or prohibit the CONTRACTOR from incurring additional obligations of funds during investigation of the alleged compliance breach and pending corrective action by the CONTRACTOR or a decision by the AGENCY to terminate the contract. A termination shall be deemed a "Termination for Convenience" if it is determined that the CONTRACTOR: (1) was not in default; or (2) failure to perform was outside of his or her control, fault or negligence.

The rights and remedies of the AGENCY provided in this contract are not exclusive and are, in addition to any other rights and remedies, provided by law.

The AGENCY may withhold from any amounts due the CONTRACTOR such sum as the AGENT determines to be necessary to protect the AGENCY against potential loss or liability.

The rights and remedies of the AGENCY provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law or under this contract.

5. Transfer title to the AGENCY and deliver in the manner, at the times, and to the extent directed by the AGENT any property which, if the contract had been completed, would have been required to be furnished to the AGENCY;
6. Complete performance of such part of the work as shall not have been terminated by the AGENT; and
7. Take such action as may be necessary, or as the AGENT may direct, for the protection and preservation of the property related to this contract, which is in the possession of the CONTRACTOR and in which the AGENCY has or may acquire an interest.

Title to other property, the cost of which is reimbursable to the CONTRACTOR under this contract, shall pass to and vest in the AGENCY upon (i) issuance for use of such property in the performance of this contract, or (ii) commencement of use of such property in the performance of this contract, or (iii) reimbursement of the cost thereof by the AGENCY in whole or in part, whichever first occurs.

SIX GOOD FAITH EFFORTS, 40 CFR, Part 33, Subpart C

Pursuant to 40 CFR, Section 33.301, the recipient agrees to make the following good faith efforts whenever procuring construction, equipment, services and supplies under an EPA financial assistance agreement, and to ensure that sub-recipients, loan recipients, and prime RECIPIENTS also comply. Records documenting compliance with the six good faith efforts shall be retained:

- (a) Ensure DBEs are made aware of contracting opportunities to the fullest extent practicable through outreach and recruitment activities. For Indian Tribal, State and Local and Government recipients, this will include placing DBEs on solicitation lists and soliciting them whenever they are potential sources.
- (b) Make information on forthcoming opportunities available to DBEs and arrange time frames for contracts and establish delivery schedules, where the requirements permit, in a way that encourages and facilitates participation by DBEs in the competitive process. This includes, whenever possible, posting solicitations for bids or proposals for a minimum of 30 calendar days before the bid or proposal closing date.
- (c) Consider in the contracting process whether firms competing for large contracts could subcontract with DBEs. For Indian Tribal, State and local Government recipients, this will include dividing total requirements when economically feasible into smaller tasks or quantities to permit maximum participation by DBEs in the competitive process.
- (d) Encourage contracting with a consortium of DBEs when an Agreement is too large for one of these firms to

handle individually.

(e) Use the services and assistance of the SBA and the Minority Business Development PSP of the Department of Commerce.

(f) If the prime RECIPIENT awards subcontracts, require the prime RECIPIENT to take the steps in paragraphs (a) through (e) of this section.

Should the contractor not be able to provide this certification, an explanation as to why should be placed after the assurances page in the contract.

The contractor agrees by signing this contract that it will include, without modification, the clause titled *Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion--Lower Tier Covered Transactions* in all lower tier covered transactions (i.e., transactions with sub-grantees and/or contractors) and in all solicitations for lower tier covered transactions in accordance with 45 CFR Part 76.

3. CERTIFICATION REGARDING LOBBYING

Title 31, United States Code, Section 1352, entitled "Limitation on use of appropriated funds to influence certain Federal contracting and financial transactions," generally prohibits recipients of Federal grants and cooperative agreements from using Federal (appropriated) funds for lobbying the Executive or Legislative Branches of the Federal Government in connection with a SPECIFIC grant or cooperative agreement. Section 1352 also requires that each person who requests or receives a Federal grant or cooperative agreement must disclose lobbying undertaken with non-Federal (nonappropriated) funds. These requirements apply to grants and cooperative agreements EXCEEDING \$100,000 in total costs (45 CFR Part 93).

The undersigned (authorized official signing for the contracting organization) certifies, to the best of his or her knowledge and belief, that:

- A. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
- B. If any funds other than Federally appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in accordance with its instructions. (If needed, Standard Form-LLL, "Disclosure of Lobbying Activities," its instructions, and continuation sheet are included at the end of this application form.)
- C. The undersigned shall require that the language of this certification be included in the award documents for all subcontracts at all tiers (including subcontracts, subcontracts, and contracts under grants, loans and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

4. CERTIFICATION REGARDING PROGRAM FRAUD CIVIL REMEDIES ACT (PFCRA)

The undersigned (authorized official signing for the contracting organization) certifies that the statements herein are true, complete, and accurate to the best of his or her knowledge, and that he or she is aware that any false, fictitious, or fraudulent statements or claims may subject him or her to criminal, civil, or administrative penalties. The undersigned agrees that the contracting organization will comply with the Public Health Service terms and conditions of award if a contract is awarded.

5. CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE

Public Law 103-227, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, early childhood development services, education or library services to children under the age of 18, if the services are funded by Federal programs either directly or

through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law also applies to children's services that are provided in indoor facilities that are constructed, operated, or maintained with such Federal funds. The law does not apply to children's services provided in private residence, portions of facilities used for inpatient drug or alcohol treatment, service providers whose sole source of applicable Federal funds is Medicare or Medicaid, or facilities where WIC coupons are redeemed.

Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1,000 for each violation and/or the imposition of an administrative compliance order on the responsible entity.

By signing the certification, the undersigned certifies that the contracting organization will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act.

The contracting organization agrees that it will require that the language of this certification be included in any subcontracts which contain provisions for children's services and that all subrecipients shall certify accordingly.

The Public Health Services strongly encourages all recipients to provide a smoke-free workplace and promote the non-use of tobacco products. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.

6. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS INSTRUCTIONS FOR CERTIFICATION

By signing and submitting this proposal, the prospective contractor is providing the certification set out below.

- A. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective contractor shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective contractor to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
- B. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective contractor knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause of default.
- C. The prospective contractor shall provide immediate written notice to the department or agency to whom this contract is submitted if at any time the prospective contractor learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- D. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the person to whom this contract is submitted for assistance in obtaining a copy of those regulations.
- E. The prospective contractor agrees by submitting this contract that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by PSP.

- F. The prospective contractor further agrees by submitting this contract that it will include the clause titled Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion -- Lower Tier Covered Transaction, provided by HHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- G. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
- H. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- I. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, PSP may terminate this transaction for cause or default.

Attachment D Project Descriptions

The project descriptions are organized by the section of the 2012-2013 Puget Sound Action Agenda. Each begins with the text of the near term action and performance measures that define the project. The Task Description discusses how the project sponsors propose to implement the near term action, the tasks that we are requesting a contractor to perform and the project lead. Project #10 is not a near term action implementation project. This project relates to the development of future near term actions that will be considered in 2014.

ACTION AGENDA STRATEGY “A” UPLAND AND TERRESTRIAL PROTECTION AND RESTORATION

Project #1 - http://www.psp.wa.gov/action_agenda_2012-13.php - page 57

A3.2.2 Agriculture Strategy. *PSP, in collaboration with WSDA, Ecology, the Conservation Commission, and agricultural partners will develop a Puget Sound agricultural strategy by December 2013. This strategy will identify needs for maintaining the health of the industry, and key areas where the agricultural industry can contribute to the protection and restoration of Puget Sound. It will be included in a future iteration of the Action Agenda.*

Performance Measures: Convene an advisory committee to agree on scope and approach (Sept. 2012); convene at least 3 workshops to solicit information from agricultural partners by March 2013(north Puget Sound; south Puget Sound; peninsula), produce a draft strategy by July 2013; review the draft strategy in at least three additional workshops in October 2013 and include the final strategy in the Action Agenda Update(April 2014)

Task Description: Implementation of this Near Term Action (NTA) is a priority for many agricultural partners interested in maintaining the health of the industry, and identifying key areas where the agricultural industry can contribute to the protection and restoration of Puget Sound.

This project requires facilitation of an advisory committee to develop the scope and approach for the strategy. Project support is also required to provide outreach support and assistance with the following: convening at least three (3) workshops to solicit information from agricultural partners prior to a draft; assistance in drafting the strategy and facilitating draft review - including at least three (3) additional workshops with agricultural partners. The participants may request some information on what efforts have worked elsewhere. Our goal is to have a draft strategy by late spring 2014.

This NTA is behind schedule, but there is still considerable interest in moving forward. There will be a lead staff person from each of the partnering agencies available to assist the contractor.

Project #2 - http://www.psp.wa.gov/action_agenda_2012-13.php - page 44

A1.3.1 PSSRC Address Regulatory Exemptions. *The Puget Sound Salmon Recovery Council will address regulatory exemptions to provide effective oversight and mitigation sequencing for activities that impact the ecosystem.*

Performance Measures: By September 9, 2012, identify any regulatory processes that are currently moving forward and require immediate attention(e.g. HPA rulemaking, SMP updates, NRCS practice standards for nutrient management and riparian buffers) by December 2012; identify the statutes, regulations, policies that need to be changed and by June 30, 2013 develop the approach necessary to make the changes identified.

Note: The SRC is proposing to incorporate some aspects of D2.2.1 (Tribal Habitat Priorities) into the this task. D2.2.1 reads: PSP will identify work plans and propose future updates to the Action Agenda to address priority work in the Tribal Habitat Priorities on page 93 of the Action Agenda. A number of these priorities appear to be closely linked to concerns regarding regulatory exemptions. The scope is yet to be decided by the group.

Attachment D

Project Descriptions

Task Description: The purpose of this project is to identify gaps in regulatory mechanisms and processes that are obstacles to salmon recovery and ultimately in the recovery of Puget Sound and to recommend potential solutions. Regulatory gaps and inconsistencies are found in statutes, rules, formal policies, variances, enforcement, compliance, etc., which prevent effective regulation of land and water use activities. These can be found in existing land management, shoreline management and other existing laws and policies and pose a threat to the nearshore, marine, freshwater and estuarine habitat of salmon.

The scope of work will include a regulatory gap analysis. The final product will be a written analysis of barriers and impacts of regulatory gaps on Shorelines and nearshore, riparian areas, water quality and estuary habitat. The product will be provided to the Salmon Recovery Council.

Although the project is behind schedule, a subcommittee has begun to develop a scope of work. The consultant will assist staff in research and technical aspects of this work, but is not responsible for preparation of the product. Additional analytic tasks may be added as the group refines its work.

The Northwest Indian Fisheries Commission is providing the staff leadership and management of this project. There will also be a Puget Sound Partnership staff assigned to the project as well.

Project #3 - http://www.psp.wa.gov/action_agenda_2012-13.php - page 86

A6.1.3 BNSF Railroad Cooperative Agreement. *By December 2013, PSP, in collaboration with the Salmon Recovery Council, will develop a cooperative agreement with Burlington Northern Santa Fe Railroad to enable the implementation of high priority salmon recovery projects that intersect with the railroad right of way.*

Performance Measures: convene a workshop with salmon recovery, other ecosystem recovery project implementers and PSNERP to document progress to date with BNSF and identify next steps to develop an agreement by December 2012. Initial agreement framework with BNSF completed by June 2013. Cooperative agreement in place by December 2013.

Task Description: Engaging in this issue is of importance to PSP because our Puget Sound watershed partners have expressed challenges in working with BNSF on an individual level and the need for a coordinated approach at the regional level to implement the highest priority projects.

Project elements will include several facilitated meetings/workshops with stakeholders, representing the Puget Sound Salmon Recovery Council, watershed-based salmon recovery entities (including local jurisdictions and tribes), state and federal agencies and BNSF railroad. Additional project support may include development of one-page project description for priority salmon recovery projects proposed within BNSF right-of-way and presentations development for PSP Leadership Council, Ecosystem Coordination Board and Science Panel. There have been some initial meetings among interest groups to scope this project, but very little progress.

The consultant will work with PSP staff to convene the group and subsequently facilitate meetings. This will include meeting preparation and follow-up tasks.

There will be a PSP staff person assigned to work with the contractor.

ACTION AGENDA STRATEGY “B” MARINE AND NEAR SHORE

Project #4 - http://www.psp.wa.gov/action_agenda_2012-13.php - page 114

B1.1.1 Integrated Nearshore Priorities. *PSP will lead the integration of existing science-based, geographic priorities for nearshore protection, restoration, enhancement and managed growth by July 2014. This includes identifying areas where local inventories and sediment supply priorities overlap with high-value areas for salmon, shellfish, and other natural resources at the drift-cell scale. The outcome*

Attachment D Project Descriptions

of this effort will be agreed upon maps or other documents showing the science-based priorities for protection, restoration, enhancement, and managed growth at a drift cell (or below) scale, as well as outreach to implementers to consider this information as part of prioritization efforts including capital projects.

Performance Measure: By December 2013, PSP will convene an interagency workgroup and complete scoping for the technical aspects of this work; Data integration will be complete by August 2013 and quality control checks and revisions by December 2013. The integrated products will be presented to all salmon recovery watersheds, LIOs and local governments by June 2014.

Task Description: This is a technical task group. The consultant will assist the group effort by coordinating the collection and synthesis of data and reports related to nearshore resources and processes as described in the near term action. The consultant will lead the interdisciplinary group process to review and decide on the scope and priorities for data collection. The consultant will also be responsible for generating and consolidating maps, drafting a report reflecting priority areas for protection, restoration, enhancement and special management programs based upon group input.

PSP will assign a staff person to work with the contractor.

Project #5 - http://www.psp.wa.gov/action_agenda_2012-13.php - page 129

B2.4.1 Eelgrass Recovery Target Strategy. *DNR working in collaboration with the Puget Sound Partnership will convene partners in state and local government, tribes, the federal agencies, BC Canada and non-governmental and business groups to develop a broad-based strategy to achieve the 2020 eelgrass recovery target and tack progress.*

Performance Measures: Strategy options identified by Dec 2012; Strategy developed by September 2014.

Task Description: DNR staff have been assigned to this project and have begun preliminary internal planning for its implementation. DNR anticipates assembling the stakeholder group in November-December 2013, with the first meeting in January-February 2014. They estimate the group would meet for four to six months, perhaps once per month.

Eelgrass is a key indicator of ecosystem health. The goal for 2020 is to increase the amount of acreage by 20%. The acreage has been stable for the past few years, but the current status represents a significant decline from what was historically available and necessary to support species in Puget Sound. Stressors have climate change, population growth, nutrient loading, polluted runoff and oil spills.

The consultant will provide facilitation services in support of DNR project staff.

ACTION AGENDA STRATEGY “C” REDUCE AND CONTROL THE SOURCES OF POLLUTION

Project #6 - http://www.psp.wa.gov/action_agenda_2012-13.php - page 211

C3.2.1 Priority Areas for Voluntary Incentive and Regulatory Programs. *The State Conservation Commission and the Washington State Departments of Agriculture, Ecology, and Health will identify priority areas to better target and coordinate implementation of voluntary incentive and regulatory programs for rural landowners, small-acreage landowners, and working farms.*

Performance Measures: by December 31, 2012, the WSCC will convene at least two meetings to identify priority areas. B June 20, 2013, WSCC will implement voluntary incentive programs in 5 target areas.

Attachment D Project Descriptions

Task Description: The WSCC convened an initial meeting of stakeholders in May, 2013 to begin the conversation regarding the effectiveness of existing incentive programs and their linkage to regulatory programs. This is a very controversial issue in Puget Sound, with some interests arguing that incentives are the most effective mechanism for ensuring that landowner implement water quality prevention measures. Others argue that our experience demonstrates that only regulations are effective and of course, there are arguments that what is necessary is the appropriate balance between these i.e. “carrot and stick”.

This project is designated as a Shellfish Strategic Initiative measure in the Action Agenda and is therefore a high priority strategy for addressing the recovery of shellfish beds. There are a number of existing incentive programs that target working with landowners to reducing runoff pollution that affects shellfish beds. Participants will examine past and current efforts with respect to how these might be improved as well as new approaches.

The contractor will be responsible for working with the WSCC to convene the parties, develop a process that will accommodate all of the appropriate interests and facilitate the deliberations of the group.

Project #7 - http://www.psp.wa.gov/action_agenda_2012-13.php - page 193

C2.1.1 Watershed Based Stormwater Management. *To ensure all funds(existing and new) are used efficiently and effectively, PSP will work with the ECB to commission an evaluation of the feasibility, cost and effectiveness of transitioning the existing municipal stormwater jurisdiction by jurisdiction permit approach using “general permits” to watershed-based municipal management. PSP will work with interested parties, particularly Ecology and local governments, to ensure their perspectives and concerns are addressed and accounted for when developing the scope of work for their evaluation*

Performance Measure: none

Task Description: This project has not been initiated. There are diverse opinions in the region regarding whether watershed-based storm water management is feasible either in the short or long term. There are strong views that work is already in many aspects toward a watershed based approach, but that this transition will take many years and that the region should focus on implementing the recently adopted NPDES permits and evaluating their effectiveness.

PSP is not proposing to fully implement the near term action as described in the Action Agenda, but to complete a first phase that will begin by conducting a survey of other states to determine where a watershed based approach has been implemented and to learn from those experiences. The contractor will be responsible for conducting the survey and facilitating the group discussion of next steps. The group members will include representatives from federal, state and local agencies.

Project #8 - http://www.psp.wa.gov/action_agenda_2012-13.php - Page 250

C7.1.1 Shellfish Best Practices. *The State Department of Health (DOH) will work with the Partnership, Ecology, the Conservation Commission, Conservation Districts and local governments to create a best practices library or menu highlighting successful locally-driven efforts to assist in the development of shellfish protection districts, shellfish protection programs and shellfish growing area restoration activities, such as the Henderson Inlet, Oakland Bay and Samish Bay efforts.*

Performance Measure: By June 2013, complete a survey of partners to identify practices used to identify and correct nonpoint pollution problems that impact shellfish growing areas(subject areas include on-site sewage systems, agricultural practices, stormwater outreach and education monitoring) Develop best practices library by December 2013.

Task Description: There have been several successful programs throughout Puget Sound in recent years. Relationships and roles in each community effort have varied. Participants are likely to have different

Attachment D Project Descriptions

perspectives on best practices and effective models going forward. The focus will include models of collaboration on interagency shellfish efforts and using existing authorities and responsibilities.

The consultant will assist DOH program staff with meeting facilitation.

Project #9 - http://www.psp.wa.gov/action_agenda_2012-13.php - Page 314

ACTION AGENDA STRATEGY “E” FUNDING STRATEGY

Project #9 Finance Subcommittee Support (Combination of several near term actions)

Task Description: The Action Agenda contains several near term actions in Strategy E regarding the identification and implementation of funding strategies. Several of these have been delegated to the Ecosystem Coordination Board Support for the Ecosystem Recovery Board(ECB) Funding Subcommittee. The Funding Subcommittee has both general responsibility and oversight of Action Agenda funding issues as well as several specific near term actions.

Funding mechanisms are critical strategies for implementing the Action Agenda at regional and local scales. The three strategic initiatives encompass a diverse set of strategies that require considerable funding for habitat protection and restoration, retrofitting infrastructure, expansion of landowner incentive programs and enhanced enforcement as well as the staff resources to manage and implement these programs.

The primary responsibility of the subcommittee is to identify strategies for funding the three Strategic Initiatives (Habitat, Stormwater and Shellfish). The group completed a draft funding gap report this spring and will be moving forward to identify the next steps in identifying the gaps and strategies for addressing those gaps. There is \$90K allocated for funding the next phase of the work. The ECB subcommittee will be examining both short and long term funding needs.

Project #10 2014 Biennial Implementation Strategy

PSP and EPA will be coordinating the work of a small task group of Partners to review a limited set of ongoing programs and related near term actions that are important for achieving 2020 ecosystem recovery targets. The task group will be preparing recommendations in the form of new or revised near term actions that are sequenced between 2014 and 2020. The task group will begin with one of the vital signs adopted by the Leadership Council and is likely to then add two additional vital signs in this fiscal year.

The task group will be reporting periodically back to the Ecosystem Coordination Board on both the content of its work and the process. Members of the task group will be responsible for coordinating with the larger membership of their interest caucus.

The consultant will be responsible for researching information on prior sets of recommendations that relate to each of the program areas that will be discussed. Additionally, the consultant may be asked to provide meeting support for the group- note taking, synthesis of recommendations and related meeting preparation work.

This includes identifying areas where local inventories and sediment supply priorities overlap with high-value areas for salmon, shellfish, and other natural resources at the drift-cell scale. The outcome of this effort will be agreed upon maps or other documents showing the science-based priorities for protection, restoration, enhancement, and managed growth at a drift cell (or below) scale, as well as outreach to implementers to consider this information as part of prioritization efforts including capital projects.</p>	<p>The Contractor must demonstrate:</p> <ul style="list-style-type: none"> a) data management expertise; b) GIS skills and, c) facilitation of technical groups.
